Special Issue on Stock Market Research

Call for Papers

The stock market refers to the collection of markets and exchanges where the issuing and trading of equities or stocks of publicly held companies, bonds, and other classes of securities take place. This trade is either through formal exchanges or over-the-counter (OTC) marketplaces.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring stock market research. Potential topics include, but are not limited to:

- Stock exchange
- Stock Trading
- History of the stock market
- Market participant
- Function and purpose
- Relation to the modern financial system
- Behavior of the stock market
- Stock market crash
- Stock market prediction
- Stock market index
- Investment strategy

Authors should read over the journal’s For Authors carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal at Paper Submission System.

Please kindly specify the “Special Issue” under your manuscript title. The research field “Special Issue – Stock Market Research” should be selected during your submission.
