Special Issue on Gynecologic Oncology

Call for Papers

Gynecologic oncology is a specialized field of medicine that focuses on cancers of the female reproductive system, including ovarian cancer, uterine cancer, vaginal cancer, cervical cancer, and vulvar cancer. As specialists, they have extensive training in the diagnosis and treatment of these cancers.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on Gynecologic Oncology. Potential topics include, but are not limited to:

- Uterine cancer
- Vaginal cancer
- Vulvar cancer
- Cervical cancer
- Ovarian cancer
- Endometrial cancer
- HPV Prevention
- Hysterectomy
- Molecular biology and genetics
- Immunology and pathology
- Radiotherapy and chemotherapy
- Gynecological cancer surgery

Authors should read over the journal’s For Authors carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal’s Paper Submission System.

Please kindly notice that the “Special Issue” under your manuscript title is supposed to be specified and the research field “Special Issue – Gynecologic Oncology” should be chosen during your submission.
