Special Issue on Foot and Ankle Surgery

Call for Papers

Foot and ankle surgery involves the medical and surgical care for a wide spectrum of foot and ankle conditions, which includes common, complex disorders and injuries that affect people of all ages.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring Foot and Ankle Surgery. Potential topics include, but are not limited to:

- Ankle arthroscopy
- Ankle fractures
- Sprained ankle
- Toe and forefoot fractures
- Bunion surgery
- Orthotics

Authors should read over the journal’s For Authors carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal’s Paper Submission System.

Please kindly specify the “Special Issue” under your manuscript title. The research field “Special Issue - Foot and Ankle Surgery” should be selected during your submission.
