Special Issue on

Industrial and Organizational Psychology

In the journal Psychology (PSYCH, ISSN Online: 2152-7199)

Industrial and organizational psychology is the science of human behavior relating to work and applies psychological theories and principles to organizations and individuals in their places of work as well as the individual's work-life more generally. The research contributes to an organization's success by improving the performance, motivation, job satisfaction, and occupational safety and health as well as the overall health and well-being of its employees.

We sincerely welcome scholar and expert with relative academic backgrounds to submit original research paper or review paper to this special issue on Industrial and Organizational Psychology. Potential topics or areas include, but are not limited to:

- Occupational stress and job satisfaction
- Occupational safety and health
- Organizational culture
- Workers’ behavior and performance
- Big Five personality and psychometrics
- Gender differences in workplace
- Personnel psychology
- Motivation and leadership in workplace

Submission Methods:
Submit a paper to this special issue or regular issue of our any journal via Paper Submission System or attach paper in an email sent to submission.entrance1@scirp.org (please indicate the name of our journal or special issue; any inquiry is also welcome).

Friendly tip: please bookmark this page in your web browser if you consider contributing to our journal or special issue in the near future.
