

Special Issue on Probiotics

Call for Papers

Probiotics are microorganisms that offer some form of health benefit to the host - they can be found in various different foods. Probiotics are believed to play very important roles in regulating proper intestinal function and digestion - by balancing intestinal microflora.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **probiotics**. Potential topics include, but are not limited to:

- Probiotics benefits
- Commercial probiotics
- Multiple probiotics
- Probiotic strains
- Probiotic supplements
- Foods with probiotics
- Probiotic side effects

Authors should read over the journal's [Authors' Guidelines](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal at [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue – Probiotics**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	November 25th, 2016
Publication Date	December 2016
