

Special Issue on Hydrogeology and Water Cycle

Call for Papers

Hydrogeology is the area of geology that deals with the distribution and movement of groundwater in the soil and rocks of the Earth's crust.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **hydrogeology and water cycle**. Potential topics include, but are not limited to:

- Surface water hydrology
- Ground water quality & analysis
- Erosion & sedimentation control
- Hydrology modelling
- Hydrochemistry
- Hydroinformatics
- Hydrometeorology
- Water management

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal at [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue – Hydrogeology and Water Cycle**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	October 26th, 2017
Publication Date	December 2017
