

Special Issue on Sudden Death

Call for Papers

Sudden Death is sudden, unexpected loss of heart function, breathing, and consciousness. Some people may have chest pain, shortness of breath, or nausea before this occurs. If not treated within minutes, death usually occurs.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **sudden death**. Potential topics include, but are not limited to:

- Pathologic studies
- Predisposing factors
- Prevention
- Management
- Epidemiology

Authors should read over the journal's [Authors' Guidelines](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal at [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue – Sudden Death**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	June 26th, 2017
Publication Date	July 2017
