**Volume 6    Number 6**

**June 2018**

## **Study on Prediction of Ground Vibration in Consideration of Damping Effect by Fragment in the Rock Mass**

Y. Takahashi, T. Sasaoka, W. Sugeng, A. Hamanaka, H. Shimada, T. Saburi, S. Kubota.....1

## **Integrated Modeling of Soil Erosion for a Canadian Watershed in Response to Projected Changes in Climate and Consequent Adoption of Mitigating Best Management Practices**

R. L. France, C. X. Zhang, G. R. Brewster.....12

## **Spatially-Explicit, Exposure-Based Assessment of Surface Water Vulnerability from Land Use Threats for Time-Efficient and Cost-Effective Watershed Development Planning**

R. L. France, G. Pardy.....35

## **Evaluation of Multiple Herbicides for Control of Sponge Plant (*Limnobium laevigatum*)**

B. E. Willis, M. A. Heilman, W. M. Bishop, S. W. Shuler.....56

## **An Assessment Capability for LNG Leaks in Complex Environments**

S. D. Ryan, R. C. Ripley.....65

## **Properties of Soils of Abandoned Coal Mine Industrial Areas (Primorsky Krai, Russia)**

O. D. Arefieva, V. G. Tregubova, N. V. Gruschakova, V. T. Starozhilov.....78

## **Preservation Property and Decay Kinetic of Polyurethane Immobilized Nitrifying Bacteria Pellets**

Y. M. Dong.....93

## **Spatial-Temporal Characterization of Atmospheric Aerosols via Airborne Spectral Imaging and Growing Hierarchical Self-Organizing Maps**

J. W. Makokha, J. O. Odhiambo.....101

## **Analysis of the Problems and Countermeasures of China's Green Credit**

X. J. Wu, X. H. Zhang.....111

## **Investigation of Glacial Effects and the Permanent Snow Lines on the Southern Slopes of the Hamadan Alvand Kuh**

A. Seif, A. Bazvand.....120

## **Analytical Hierarchy (AHP) Process Method for Environmental Hazard Mapping for Jeddah City, Saudi Arabia**

A. Almodayan.....143

## **Rock Engravings and Paintings: Rethinking of the Cupules, Gongs, and Grinding Hollows of Siuyu and Ughaughu in Singida East (Tanzania)**
