

TABLE OF CONTENTS

Volume 3, Number 2, April 2013

Replicated association of the single nucleotide polymorphism in <i>PNLIP</i> with marbling in Niigata population of Japanese Black beef cattle	
H. Tanomura, Y. Muramatsu, T. Yamamoto, T. Ohta, H. Kose, T. Yamada.....	89
Effects of a rumen protected B vitamin blend substituted for biotin upon milk production and component yield in lactating dairy cows	
E. Evans, D. T. Mair.....	93
Evaluation of forage-based weaning systems in spring-born cross-bred beef calves	
J. F. Odhiambo, R. A. Dailey, R. Helmondollar, J. Y. Pritchard, P. I. Osborne.....	99
Profiles of energy metabolites and haptoglobin in dairy cows under organic management in Alberta farms	
J. F. Odhiambo, U. Farooq, S. M. Dunn, B. N. Ametaj.....	105
Short communication: Supplementing with vitamin E may alter the fibrinolytic capacity of cattle	
A. K. McNeel, A. R. Menino Jr.....	114
Periconceptional growth hormone treatment alters early uterine environment Amberlite IRA-400	
J. M. Koch, C. O. Lemley, R. R. Magness, M. E. Wilson.....	121
Tyrosine phosphorylation of monocyte-derived macrophage proteins in buffalo (<i>Bubalus bubalis</i>): A potential phenotype of natural resistance	
M. Miarelli, F. Signorelli, G. De Matteis.....	127
Presence of <i>Actinobacillus pleuropneumoniae</i>, <i>Streptococcus suis</i>, <i>Pasteurella multocida</i>, <i>Bordetella bronchiseptica</i>, <i>Haemophilus parasuis</i> and <i>Mycoplasma hyopneumoniae</i> in upper respiratory tract of swine in farms from Aguascalientes, Mexico	
A. Loera-Muro, F. J. Avelar-González, V. M. Loera-Muro, M. Jacques, A. L. Guerrero-Barrera.....	132
Role of natural killer (NK) cells during pregnancy: A review	
M. N. Rodrigues, P. O. Favaron, J. G. Dombrowski, R. M. de Souza, M. A. Miglino.....	138
