Volume 5    Number 12

September 2014

|                                                                                                                                                                     |      |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|
| <b>Characteristics and Spatial Variability of Saline-Alkaline Soil Degradation in the Typical Yellow River Delta Area of Kenli County, China</b>                    |      |
| Z. Wang, G. X. Zhao, M. X. Gao, C. Y. Chang, J. C. Jia, J. Li.....                                                                                                  | 1053 |
| <b>Critical Analysis of the Challenges of Solid Waste Management Initiatives in Keko Machungwa Informal Settlement, Dar es Salaam</b>                               |      |
| S. E. Kasala.....                                                                                                                                                   | 1064 |
| <b>The Stone Slurry in Palestine from Environmental Burden to Economic Opportunities—Feasibility Analysis</b>                                                       |      |
| N. Al-Joulani, N. Salah.....                                                                                                                                        | 1075 |
| <b>Application of LCA by Using Midpoint and Endpoint Interpretations for Urban Solid Waste Management</b>                                                           |      |
| S. Yi, K. Y. H. Kurisu, K. Hanaki.....                                                                                                                              | 1091 |
| <b>Determination of Different Trace Heavy Metals in Children’s Plastic Toys Imported to the West Bank/Palestine by ICP/MS-Environmental and Health Aspects</b>      |      |
| M. Al-Qutob, A. Asafra, T. Nashashibi, A. A. Qutob.....                                                                                                             | 1104 |
| <b>A Polymerase Chain Reaction Based DNA Fingerprinting Technique: Amplified Fragment Length Polymorphism for Molecular Typing of Perchlorate Reducing Bacteria</b> |      |
| A. Shete, V. Ghole, M. Raina, B. Aich.....                                                                                                                          | 1111 |
| <b>Pesticide Influence on the Desmid Flora of a Reservoir in an Agricultural Region at Campo Verde, Mato Grosso, Brazil</b>                                         |      |
| J. K. Braga, E. L. Hardoim, E. F. G. C. Dores, C. W. Heckman.....                                                                                                   | 1116 |
| <b>Extraction Characteristics of Selenium as Affected by Coal Fly Ash Type, Water Extractant, and Extraction Time</b>                                               |      |
| M. A. Cantrell, K. R. Brye, D. M. Miller, E. Mason, J. Fairey.....                                                                                                  | 1126 |
| <b>Degradation of Primate Habitat at Tesso Nilo Forest with Special Emphasis on Riau Pale-Thighed Surili (<i>Presbytis siamensis cana</i>)</b>                      |      |
| J. Supriatna, S. Mariati.....                                                                                                                                       | 1145 |
| <b>Reflections on the Green Economy (Redemption of the Principles of Mill and Pigou): A View of a Brazilian Environmentalist</b>                                    |      |
| J. B. D. Câmara.....                                                                                                                                                | 1153 |

**Study of Heavy Metal Uptake by the Crops Grown by Using Urban Wastewater of Mysore City, India**

M. R. Abhilash, S. Srikantaswamy, D. S. Kumar, B. M. Kiran.....1169

**Isolation and Characterization of Hydrocarbon-Degrading Bacteria from Wastewaters in Ouagadougou, Burkina Faso**

A. Sawadogo, O. C. Harmonie, J. B. Sawadogo, A. Kaboré, A. S. Traoré, D. Dianou.....1183

**Empirical Assessment of Coastal Environmental Vulnerability to Sea Level Rise**

M. L. Collin, A. J. Melloul.....1197

**Addressing Soil Degradation and Flood Risk Decision Making in Levee Protected Agricultural Lands under Increasingly Variable Climate Conditions**

L. W. Morton, K. R. Olson.....1120

**Fate of Particulate Matter from Cruise-Ship Emissions in Glacier Bay during the 2008 Tourist Season**

M. Pirhalla, S. Gende, N. Mölders.....1235

**Using Graphical and Multivariate Statistical Methods for Geochemical Assessment of Groundwater Quality in Oumé Department (Côte d'Ivoire)**

D. L. Goné, A. G. Douagui, L. Bai, B. Kamagaté, R. Ligban.....1255

**Perspectives of Waste Electrical and Electronic Equipment in Tampico, Mexico**

R. B. E. Cabrera-Cruz, M. E. Bautista-Vargas, J. C. Rolón-Aguilar, R. Tobías-Jaramillo, A. J. Gordillo-Martínez.....1266

**Situation of Water, Hygiene and Sanitation in a Peri-Urban Area in Benin, West Africa: The Case of Sèmè-Podji**

R. C. Johnson, H. Segla, T. V. Dougnon, G. Boni, H. S. Bankole, C. Houssou, M. Boko.....1277
