de Moura**

University of Porto, Portugal

Dr. Mutlu Ozcan

University of Zurich, Switzerland

Dr. Hayder A. Rasheed

Kansas State University, USA

Dr. Carlo Santulli

Università La Sapienza, Italy

Prof. Mahmood M. Shokrieh

Iran University of Science and Technology, Iran

Prof. Goutam Sutradhar

Jadavpur University, Kolkata, W.B, India

TABLE OF CONTENTS

Volume 3 Number 4

October 2013

Effective Elastic Properties of Honeycomb Core with Fiber-Reinforced Composite Cells F. E. Penado.....	89
Effect of Reinforcement Clustering on Crack Initiation Mechanism in a Cast Hybrid Metal Matrix Composite during Low Cycle Fatigue A. K. M. A. Iqbal, Y. Arai, W. Araki.....	97
Effect of Temperatures on Polymerization Stress and Microleakage of Class V Composite Restorations P. P. Didron, W. Chrzanowski, A. Ellakwa.....	107
3D Nonlinear XFEM Simulation of Delamination in Unidirectional Composite Laminates: A Sensitivity Analysis of Modeling Parameters D. Motamedi, A. S. Milani.....	113
Effect of Refining Parameters on Medium Density Fibreboard (MDF) Properties from Oil Palm Trunk (<i>Elaeis guineensis</i>) Z. Ibrahim, A. A. Aziz, R. Ramli, A. Mokhtar, S. Lee.....	127

Call for Papers

Open Journal of Composite Materials

ISSN 2164-5612 (Print) ISSN 2164-5655 (Online)

www.scirp.org/journal/ojcm

Open Journal of Composite Materials (OJCM) is an international journal dedicated to the latest advancement of composite materials. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in different areas of composite materials.

All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

- ◆ Bio-Composite Materials
- ◆ Composite Materials in Other Disciplines
- ◆ Functional Composites
- ◆ Inorganic Non-Metallic Matrix Composite
- ◆ Metal Matrix Composites
- ◆ Organic-Inorganic Hybrid Composites
- ◆ Polymer Composites

We are also interested in: 1) Short Reports—2 - 5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book Reviews—Comments and critiques.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
