Subject Coverage

All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed in hard copy. The journal publishes the highest quality, original papers included but not limited to the fields:

- | | | |
|---|---|---|
| <ul style="list-style-type: none">• Business Intelligence• Business Management• Business Process Re-engineering• Computational Economics• Customer Capital Management• Data Mining and Knowledge Discovery• Decision Support System• Economics and Management• Environment and Energy Management• Financial Engineering• Human Resources Management | <ul style="list-style-type: none">• Information System Management• Innovation and Entrepreneurship• Knowledge Management and Semantic Web• Management Engineering• Managerial Economics• Metrics, Co-value Production• Metrology Management• Operational Research• Operational Research• Planning, Scheduling and Project Management• Public Administration | <ul style="list-style-type: none">• Quality Management• Regional Economics and Management• Risk Management• Service Economics• Service Industry Economics• Service Science• Software Engineering Management• Supply Chain Management• System Management Theory• Tourism and Travel Industry• Urban Economics and Planning |
|---|---|---|

We are also interested in:

Short reports—Discussion corner of the journal:

2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data.

Case studies—Rather than present a classical paper.

Book reviews—Comments and critiques.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
