Y. Yoshinaka, A. Itoi, Y. Watanabe, N. Kida, T. Nomura.....190

**Study of Sickle Cell Anemia with Clinical and Hematological Correlation
(Provincial Hospital EL Idrissi, Morocco)**

A. Belala, A. Arwa, I. Mark, S. Sanae, D. Zahra, M. Samira, D. Belghyti, K. El Kharrim.....201

What is SCIRP?

Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science with its publication.

What is Open Access?

All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, worldwide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
