

Table of Contents

Volume 5 Number 12

October 2014

Energy-Efficient Production of Cassava-Based Bio-Ethanol

Q. Kang, L. Appels, J. Baeyens, R. Dewil, T. W. Tan.....925

Fermentative Production of Mycelial Chitosan from Zygomycetes: Media Optimization and Physico-Chemical Characterization

P. N. Vaingankar, A. R. Juvekar.....940

Optimization of Nutrients in Fermentative Lactic Acid Production Using Oil Palm Trunk Juice as Substrate

N. Saelee, K. Sriroth.....957

Influence of Substrate Feeding and Process Parameters on Production of Coenzyme Q₁₀ Using *Paracoccus denitrificans* ATCC 19367 Mutant Strain P-87

P. Tokdar, P. Ranadive, R. Kshirsagar, S. S. Khora, S. K. Deshmukh.....966

Comparative Studies of *Bacillus thuringiensis* var. *israelensis* Metabolism in Different Concentrations of Cassava Flour Processing Waste Based Media

S. Ernandes, V. L. Del Bianchi, I. O. Moraes.....978
