Editor in Chief

Dr. Shaocai Yu  U.S. Environmental Protection Agency, USA

Editorial Board (According to Alphabet)

Prof. Viney P. Aneja  North Carolina State University, USA
Dr. Jørgen Brandt  Aarhus University, Denmark
Prof. Chak K. Chan  Hong Kong University of Science and Technology, China
Prof. Yoon-Seok Chang  Pohang University of Science and Technology, Korea (South)
Dr. Barbara Ervens  CIRES, University of Colorado, and NOAA/ESRL, USA
Dr. Guobin Fu  CSIRO Land and Water, Australia
Dr. Andreas Hofzumahaus  Institute of Energy and Climate Research, Germany
Dr. Daniel A. Knopf  Stony Brook University, USA
Prof. Yanqing Lian  University of Illinois, USA
Prof. Athanasios Nenes  Georgia Institute of Technology, USA
Prof. Junboum Park  Seoul National University, Korea (South)
Dr. Alessandro Pezzoli  Turin Polytechnic, Italy
Prof. Nicole Riemer  University of Illinois at Urbana-Champaign, USA
Dr. Rajib Shaw  Kyoto University, Japan
Prof. Daniel Tong  US NOAA Air Resources Laboratory, USA
Dr. Krishna Prasad Vadrevu  University of Maryland, USA
Prof. Julian X. L. Wang  US NOAA Air Resources Laboratory, USA
Prof. Tijian Wang  Nanjing University, China
Dr. Jianjun Xu  University of Arizona, USA
Prof. Fangqun Yu  State University of New York at Albany, USA
Prof. Qiang Zhang  Sun Yat-sen University, China

Atmospheric and Climate Sciences is an international journal dedicated to the latest advancement of wireless engineering and technology. The goal of this journal is to provide a platform for scientists, students, academics and engineers all over the world to promote, share, and discuss various new issues and developments in different areas of wireless engineering and technology.

Editor-in-Chief
Dr. Shaocai Yu  U.S. Environmental Protection Agency, USA

Subject Coverage
This journal invites original research and review papers that address the following issues. Topics of interest include, but are not limited to:

- Agricultural climatology
- Air chemistry and the boundary layer, clouds and weather modification
- Applied meteorology
- Atmospheric acoustics, electricity, optics, physics, radiation and sounding
- Atmospheric sciences
- Aviation climatology
- Biometeorology
- Building climatology and forestry climatology
- Climate dynamics and variability
- Clouds and precipitation physics
- Cosmical meteorology
- Dendroclimatology
- Hydrometeorology
- Marine meteorology and meteorology-associated geophysics
- Medical meteorology and medical climatology
- Meteorological, climatological and atmospheric environmental issues
- Navigation climatology
- Phenology and paleoclimatology
- Polar meteorology
- Radar meteorology and radio meteorology
- Remote sensing
- Satellite meteorology and synoptic meteorology
- Tropical meteorology
- Weather systems, numerical weather prediction

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the ACS.

Notes for Intending Authors
Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
