# Table of Contents

## Volume 11    Number 3    July 2021

**Convective Rainfall in Lake Victoria Watershed and Adjacent Equatorial Africa**  
F. Vemado, A. J. P. Filho

**Assessing the Skills of Rossby Centre Regional Climate Model in Simulating Observed Rainfall over Rwanda**  
J. Umuhoza, L. Chen, L. Mumo

**Analysis of Meteorological Conditions for a Sea Fog Process in 2016**  
X. M. Shi, X. Y. Liu, Y. Gu, Q. Wang

**Experimental Study on the Dependency of Ice Nucleation Active Surface Site Density on ATD Aerosol Size**  
F. Belosi, G. Santachiara

**The Effect of the Atmospheric and Cloud Properties on the Retrieval of Fog Microphysics at Night for MSG/SEVIRI: A Sensitivity Test Using LibRadtran**  
A. O. da Silva, A. J. P. Filho, H. Abi Karam

**Chemical Composition of Rainwater at Selected Sites on Upolu Island, Samoa**  
T. Imo, P. Amosa, F. Latu, V. Vaurasi, R. Ieremia

**An Analog Method for Seasonal Forecasting in Northern High Latitudes**  
J. E. Walsh, B. Brettschneider, N. P. Kettle, R. L. Thoman

**TOPMODEL Hydrometeorological Modeling with Rain Gauge Data Integrated by High-Resolution Satellite Estimates. A Case Study in Muriaé River Basin, Brazil**  
M. F. Salviano, A. J. P. Filho, F. Vemado

**County-Specific Chill Hours Accumulation in South Carolina**  
J. O. Payero, U. Sekaran

**Trends of Temperature Extreme Indices over Arusha and Kilimanjaro Regions in Tanzania**  

**Erratum to “Autonomous Changes in the Concentration of Water Vapor Drive Climate Change” [Atmospheric and Climate Sciences 10 (2020) 443-508]**  
W. V. Brunt
A New Method for Comprehensive Evaluation of Air Quality in Urban Agglomeration
L. Lei, X. L. Chen, W. Liu...547

Anthropogenic Heat Flux Will Affect Global Warming
M. Lindgren...563

Assessing the Impacts of Climate Change and Variability on Maize (Zea mays) Yield over Tanzania
A. A. Lukali, S. E. Osima, Y. S. Lou, K. H. Kai...569

The Influence of Tropical Cyclones to the Plant Productivity Indices along the Coast of Tanzania
K. H. Kai, Y. W. Shaghude, A. L. Kijazi, C. B. Uiso...589

On Thunderstorm Microphysics under Urban Heat Island, Sea Breeze, and Cold Front Effects in the Metropolitan Area of São Paulo, Brazil
I. M. T. J. Ihadua, A. J. P. Filho...614
Atmospheric and Climate Sciences (ACS)

Subject Coverage

This journal invites original research and review papers that address the following issues. Topics of interest include, but are not limited to:

ACS aims to rapidly publish original scientific papers in all the fields of applied and/or climate atmospheric science. It covers the latest achievements and developments in the applied climate and atmospheric sciences, including but not limited to the following scopes as well as the theoretical and practical aspects of these disciplines:

- Agricultural climatology
- Air chemistry and the boundary layer, clouds and weather modification
- Air quality, atmosphere & health
- Applied meteorology
- Atmospheric acoustics, electricity, optics, physics, radiation and sounding
- Atmospheric and oceanic physics
- Atmospheric and solar-terrestrial physics
- Atmospheric chemistry
- Atmospheric environment
- Aviation climatology
- Biometeorology
- Building climatology and forestry climatology
- Climate change and broadcast meteorology
- Climate dynamics and variability
- Climate policy
- Clouds and precipitation physics
- Cosmical meteorology
- Dendroclimatology
- Dynamics of atmospheres and ocean
- Geology and Climate Change
- Hydrology, oceans and atmosphere
- Hydrometeorology
- Marine meteorology and meteorology-associated geophysics
- Medical meteorology and medical climatology
- Meteorological, climatological and atmospheric environmental issues
- Navigation climatology
- Phenology and paleoclimatology
- Polar meteorology
- Radar meteorology and radio meteorology
- Remote sensing
- Satellite meteorology and synoptic meteorology
- Theoretical and applied climatology
- Tropical meteorology
- Weather systems, numerical weather prediction

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the ACS.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.

Website and E-Mail

https://www.scirp.org/journal/acs  E-mail: acs@scirp.org
What is SCIRP?
Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science with its publication.

What is Open Access?
All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, worldwide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
