

TABLE OF CONTENTS

Volume 2 Number 5

November 2011

Genetic Variability in Germplasm Accessions of *Capsicum annuum* L

S. Misra, R. K. Lal, M. P. Darokar, S. P. S. Khanuja.....629

Dependence of Pumpkin Yield on Plant Density and Variety

K. El-S. Abd El-Hamed, M. W. M. Elwan.....636

Variation in Wood Properties and Growth in Some Clones of *Populus deltoides* Bartr. ex Marsh

P. K. Pande.....644

Expression of Six Chloroplast Genes in *Jatropha curcas* Callus under Light and Dark Conditions

W. T. L. Yong, C. S. Y. Chew, K. F. Rodrigues.....650

Phytochemical Study of *Glycosmis mauritiana*

J. Intekhab, M. Aslam, H. Khalid.....657

Physico-Chemical and Microbial Quality of Locally Composted and Imported Green Waste Composts in Oman

S. A. F. El-Nagerabi, A. E. Elshafie, S. N. Al-Bahry, H. S. Al-Rawahi, H. Al-Burashdi.....660

Effect of Vitamins on *In Vitro* Organogenesis of Plant

P. Abrahamian, A. Kantharajah.....669

Covering Tree Line with Black Poly Ethylene Sheets for Composting Fresh Animal Manures Reduces Weeds and Improves Tree Growth in Newly Established Orchards

B. Abu Irmaileh, A. Abu Rayyan, F. Shatat.....675

Identification of AFLP Markers Linked to Leaf Rust Resistance Genes Using Near Isogenic Lines of Wheat

N. K. Dhillon, H. S. Dhaliwal.....683

Allelic Relationship between *Lr9* and the Leaf Rust Resistance Gene in Kharchia Local Mutant of Wheat

N. K. Dhillon, H. S. Dhaliwal.....688

Effect of Water Stress and Foliar Boron Application on Seed Protein, Oil, Fatty Acids, and Nitrogen Metabolism in Soybean

N. Bellaloui.....692

Influence of Planting Date on Seed Protein, Oil, Sugars, Minerals, and Nitrogen Metabolism in Soybean under Irrigated and Non-Irrigated Environments

N. Bellaloui, K. N. Reddy, A. M. Gillen, D. K. Fisher, A. Mengistu.....702

Temperature Dependency of Photosynthesis of *Sphagnum* spp. Distributed in the Warm-Temperate and the Cool-Temperate Mires of Japan

A. Haraguchi, N. Yamada.....716

The figure on the front cover is from the article published in American Journal of Plant Sciences, 2011, Vol. 2, No. 5, pp. 702-715 by Nacer Bellaloui, *et al.*
