Volume 6 Number 2

February 2015

The Microenvironment within and Pollen Transmission through Polyethylene Sorghum Pollination Bags D. C. Gitz, J. T. Baker, Z. G. Xin, J. J. Burke, R. J. Lascano.....	265
Combined Effects of Temperature and Nutrient Enrichment on Palatability of the Brown Alga <i>Sargassum yezoense</i> (Yamada) Yoshida & T. Konno H. Endo, K. Suehiro, J. Kinoshita, Y. Agatsuma.....	275
The Distribution, Biological and Ecological Features of <i>Typha shuttleworthii</i> (Typhaceae) in the Vyatka-Kama Cis-Urals, Russia O. A. Kapitonova, G. R. Platonova, V. I. Kapitonov.....	283
Genetic Map of Cotton with Molecular Markers C. C. de Sousa, L. C. de Figueirêdo, M. das Graças Medina Arrais, S. E. dos Santos Valente.....	289
Residual Effect of Zinc Application Doses and Methods on Nutrition and Productivity of Corn G. F. Mari, R. M. Prado, A. A. V. L. Soares, G. Caione, C. N. S. Campos.....	298
Expression of the Genes <i>OsNRT1.1</i>, <i>OsNRT2.1</i>, <i>OsNRT2.2</i>, and Kinetics of Nitrate Uptake in Genetically Contrasting Rice Varieties O. J. L. Araújo, M. S. Pinto, M. V. L. Sperandio, L. A. Santos, E. M. L. M. Stark, M. S. Fernandes, A. M. dos Santos, S. R. Souza.....	306
Emergent Macrophytes Alter the Sediment Composition in a Small, Shallow Subtropical Lake: Implications for Methane Emission C. C. Marinho, C. Palma-Silva, E. F. Albertoni, I. B. Giacomini, M. P. F. Barros, L. M. Furlanetto, F. de A. Esteves.....	315
Evaluation of the Production of Young Green Barley Plants Containing Functional Ingredients T. X. Meng, C. Miura, N. Irino, R. Kondo.....	323
Dietary Fiber Content of Waterleaf (<i>Talinum triangulare</i> (Jacq.) Willd) Cultivated with Organic and Conventional Fertilization in Different Seasons N. Andarwulan, D. N. Faridah, Y. S. Prabekti, H. Fadhilatunnur, L. Mualim, S. A. Aziz, L. Cisneros-Zevallos.....	334
Endogenous Levels of Polyamines under Water-Deficit Stress during Cotton's Reproductive Development D. A. Loka, D. M. Oosterhuis, C. Pilon.....	344

Establishing Legumes in a Tall Fescue Sward

D.-H. Min, J. L. Moyer.....355

***In-Vitro* Efficacy of Certain Essential Oils and Plant Extracts against Three Major Pathogens of *Jatropha curcas* L.**

P. D. Bhuyan, P. Tamuli, P. Boruah.....362

Rooting Potential of Mini-Cuttings for the Production of Potato Plantlets

D. A. Bisognin, M. G. Bandinelli, P. Kielse, H. Fischer.....366

Agronomic Management Strategies to Reduce the Yield Loss Associated with Spring Harvested Corn in Ontario

K. J. Mahoney, J. H. Klapwyk, G. A. Stewart, W. S. Jay, D. C. Hooker.....372

A Study on Comparative Fertility Restoration in A₂ and A₄ Cytoplasm and Its Implication in Breeding Hybrid Pigeonpea [*Cajanus cajan* (L.) Millspaugh]

A. K. Choudhary, I. P. Singh.....385

Genetic Variations and Cultivar Purity within the *G. hirsutum* Cultivars via RAPD Marker

F. Raheel, M. K. N. Shah, M. S. Iqbal, I. R. Noorka, Z. Sarfraz.....392

Response of Various Sesame Varieties under the Influence of Nitrogen and Phosphorus Doses

S. Kashani, M. Buriro, A. Nadeem, N. Ahmed, Z. Saeed, F. Mohammad, S. Ahmed.....405

Diversity of Ethno Medicinal Plants in Boridand Forest of District Korea, Chhattisgarh, India

R. K. Ahirwar.....413
