

Special Issue on Case Reports in Infectious Diseases

Call for Papers

Case reports in infectious diseases are case reports on infectious diseases caused by organisms — such as bacteria, viruses, fungi or parasites.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Case Reports in Infectious Diseases**. Potential topics include, but are not limited to:

- COVID-19 case reports
- Case study on HIV
- Case of pulmonary tuberculosis
- Hepatitis A and B case study
- Case management of severe malaria
- Case report of bacterial infections
- Case study on viral infections
- Malaria case study
- Infection and the complications
- Diagnosis and treatment
- Preventative measures

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Case Reports in Infectious Diseases**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	October 17th, 2022
Publication Date	December 2022
