July 2022

Experimental Analysis to Extract the Maximum Output of Serial and Parallel PV Module Configurations under Partial Shadow Conditions: A Case Study for Bambey, Senegal

C. S. Toure, P. L. T. Sow, F. Dia, S. Mbodji.....233

Impact of Separator Thickness on Temperature Distribution in Single Polymer Electrolyte Fuel Cell Based on 1D Heat Transfer

A. Nishimura, D. Mishima, N. Kono, K. Toyoda, M. L. Kolhe.....248

Modelling of Solar Power Production in Dry and Rainy Seasons Using Some Selected Meteorological Parameters

N. N. Tasie, F. B. Sigalo, V. B. Omubo-Pepple, C. Israel-Cookey.....274

Harmonic Mitigation by Optimal Allocation of Tuned Passive Filter in Distribution System

A. A. El-Ela, S. M. Allam, A. A. Mubarak, R. A. El-Sehiemy.....291
