Special Issue on Health and Quality of Life

Call for Papers

Quality of life (QOL) is the general well-being of individuals and societies, outlining negative and positive features of life. It observes life satisfaction, including everything from physical health, family, education, employment, wealth, safety, security to freedom, religious beliefs, and the environment.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on Health and Quality of Life. Potential topics include, but are not limited to:

- Quantitative measurement
- Theoretical models
- Surveillance and data
- QOL and public health practice
- Health promotion
- Measuring quality of life after surgery
- Quality of life of cancer patients
- Quality of life in chronic illness
- QOL and psychosocial rehabilitation
- QOL and mental health
- Positive emotions and life satisfaction
- Well-being and human development
- Obesity, sleep and quality of life

Authors should read over the journal’s For Authors carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal’s Paper Submission System.

Please kindly notice that the “Special Issue” under your manuscript title is supposed to be specified and the research field “Special Issue – Health and Quality of Life” should be chosen during your submission.

According to the following timetable:

<table>
<thead>
<tr>
<th>Submission Deadline</th>
<th>April 18th, 2022</th>
</tr>
</thead>
<tbody>
<tr>
<td>Publication Date</td>
<td>June 2022</td>
</tr>
</tbody>
</table>
