## Special Issue on Oncology in Clinical Practice

### Call for Papers

Oncology is the field of medicine that is devoted to cancer. Clinical oncology consists of three primary disciplines: medical oncology (the treatment of cancer with medicine, including chemotherapy), surgical oncology (the surgical aspects of cancer including biopsy, staging, and surgical resection of tumors), and radiation oncology (the treatment of cancer with therapeutic radiation).

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Oncology in Clinical Practice**. Potential topics include, but are not limited to:

- Clinical trials and outcomes
- Critical evaluation and significance
- Radiotherapy and chemotherapy
- Biological targeted therapy
- Palliative care and alternative adjuvant therapy
- Surgical approaches
- Detection and analysis of clinical features
- Etiology and clinical practice
- Management of metastatic disease
- Pain management
- Association with other diseases
- Risk factors
- Epidemiological Pattern
- Patient management during the COVID-19 pandemic

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Oncology in Clinical Practice**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	April 15th, 2021
Publication Date	June 2021

**Scientific Research**  
*Open Access*

## **International Journal of Clinical Medicine**

**ISSN Online: 2158-2882**
