Hematology is the study of the cause, prognosis, treatment, and prevention of blood and blood related disorders. The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in the area of Hematology.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring Hematology. Potential topics include, but are not limited to:

- Anemia
- Hemophilia
- Leukemia
- Lymphoma
- Multiple myeloma
- Myeloma
- Sepsis
- Thromboembolism
- Blood clots
- Blood cancers
- Blood chemistry
- Hematopathology

Authors should read over the journal’s For Authors carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal’s Paper Submission System.

Please kindly specify the “Special Issue” under your manuscript title. The research field “Special Issue - Hematology” should be selected during your submission.

Special Issue Timetable:

<table>
<thead>
<tr>
<th>Submission Deadline</th>
<th>October 20th, 2022</th>
</tr>
</thead>
<tbody>
<tr>
<td>Publication Date</td>
<td>December 2022</td>
</tr>
</tbody>
</table>
