

TABLE OF CONTENTS

Volume 6, Number 8A2, August 2013

Treatments for fibrosis development and progression: Lessons learned from preclinical models and potential impact on human conditions such as scleroderma, pulmonary fibrosis, hypertrophic scarring and tendinopathies	
D. A. Hart.....	1
Strategies in secondary biliary fibrosis	
J. M. Hermosillo-Sandoval, A. D. Rodríguez-Carrizález, A. G. Miranda-Díaz.....	10
Non-invasive assessment of hepatic fibrosis by tissue strain imaging in chronic hepatitis C patients	
N. Hotta.....	19
Stem cell therapy for idiopathic pulmonary fibrosis: How far are we from the bench to the bedside?	
Z. Wang, X. J. Zhang, Y. Kang, Y. L. Zeng, H. M. Liu, X. Q. Chen, L. J. Ma.....	24
Proof of concept study to identify candidate biomarkers of fibrosis using high throughput peptide aptamer microarray and validate by enzyme linked immunosorbant assay	
S. Straw, P. K. Ferrigno, Q. F. Song, D. Tomlinson, F. D. Galdo.....	32
Comparison of two methods of measurement of maximal respiratory pressures in health and cystic fibrosis	
T. Dassios, A. Katelari, S. Doudounakis, G. Dimitriou.....	43
Differentially expressed genes identified by microarray analysis following oxymatrine treatment of hepatic stellate cell	
J. W. Hu, S. Dong, Q. Q. Wang, Y. C. Jian, L. J. Hu, L. J. Wang, Y. He, G. M. Yang, J. J. Wang, W. J. Xiong.....	49
Alterations in fibrinolytic system proteins PAI-1, MMP-3, MMP-8, TIMP-1 and TIMP-2 in post-cholecystectomy bile duct injury	
J. M. Hermosillo-Sandoval, L. M. Román-Pintos, A. D. Rodríguez-Carrizález, E. G. Cardona-Muñoz, F. P. Pacheco-Moisés, G. G. Ortiz, A. G. Miranda-Díaz.....	58

The figure on the front cover is from the article published in J. Biomedical Science and Engineering, 2013, Vol. 6, No. 8A2, pp. 10-18 by José M. Hermosillo-Sandoval, Adolfo D. Rodríguez-Carrizález and Alejandra G. Miranda-Díaz.
