

Special Issue on Cancer Care and Clinical Practice

Call for Papers

Cancer care can be defined as meeting the various needs of oncology patients during the time of their disease including appropriate screenings and other preventative practices, symptom management, care to retain as much normal functioning as possible, and supportive measures upon end of life.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Cancer Care and Clinical Practice**. Potential topics include, but are not limited to:

- Post-surgery care
- Palliative care
- Cancer pain management
- Cancer care & epidemiology
- Nursing for chemotherapy
- Supportive care
- Psychosocial issues in cancer
- Cancer incidence and risk reducing
- Cancer treatment enhancing
- Quality of life in cancer

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Cancer Care and Clinical Practice**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	July 11th, 2019
Publication Date	September 2019
