## Journal of Data Analysis and Information Processing

ISSN 2327-7211 (Print) ISSN 2327-7203 (Online)

<http://www.scirp.org/journal/jdaip>

*Journal of Data Analysis and Information Processing (JDAIP)*, is an international journal dedicated to the latest advancement of data analysis and information processing methods. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in different areas of data analysis and information processing.

### Editor-in-Chief

**Prof. Feng Shi**

Huazhong Agricultural University, China

**Dr. Song Yang**

### Subject Coverage

All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

- Artificial Intelligence
- Artificial Neural Networks
- Business Intelligence
- Computational Intelligence
- Data Mining
- Data Modeling
- Digital Signal Processing
- Dimension Reducing
- Fourier Analysis
- Information Hiding
- Machine Learning
- Pattern Recognition
- Statistics
- Time Series Analysis
- Wavelet Analysis

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the JDAIP.

### Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
