Journal of Environmental Protection (JEP)

ISSN: 2152-2197(Print)  ISSN: 2152-2219(Online)
http://www.scirp.org/journal/jep

JEP is an international refereed journal dedicated to the latest advancement of Environmental Protection. The goal of this journal is to keep a record of the state-of-the-art research and promote the research work in these fast moving areas.

Editors-in-Chief
Prof. Thangarasu Pandiyana National Autonomous University of Mexico (UNAM), Mexico
Dr. Qingren Wang University of Florida, USA

Subject Coverage
This journal invites original research and review papers that address the following issues in Environmental Protection. Topics of interest include, but are not limited to:

- **Air pollution and air quality**
  - Air pollution monitoring and modeling
  - Air pollution prevention and control
  - Air quality measurement and management
  - Sources of air pollution
  - Urban/indoor air pollution and control

- **Hydrology and water quality**
  - Ground water pollution control
  - Hydrobiology and water pollution
  - Methods of monitoring water quality
  - Modeling and measuring of water pollution

- **Wastewater treatment and utilization**
  - New wastewater treatment technologies
  - New water purification technologies
  - Purification of drinking-water supplies
  - Treatment, disposal and discharge of wastewater

- **Environmental pollution and public health**
  - Chemical pollutants and its effects on health
  - Effects of air pollution on public health

- **Ecosystem restoration, toxicology and sustainability**
  - Ecosystem restoration
  - Environmental toxicology
  - Greenhouse gas emission monitoring and solutions
  - Hazardous materials management
  - Radiation safety in atomic industry
  - Solid waste management
  - Sustainable development of environment and ecosystem

- **Environment assessment and policy**
  - Environmental impact assessment
  - Environmental policy
  - Risk assessment of contaminated environments
  - Water resources and quality assessment
  - Water resource protection and sustainable use

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the JEP.

Notes for Intending Authors
Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
