

Special Issue on
Environmental Protection and Sustainable Development
Call for Papers

Environmental Protection and Sustainable Development focuses on solving problems arising from the interaction between humans and environmental systems. It concerns with complex interactions between development and environment, and seek means for achieving sustainability in all human activities. The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in the area of Environmental Protection and Sustainable Development.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Environmental Protection and Sustainable Development**. Potential topics include, but are not limited to:

- Green technologies
- Waste and recycling
- Chemicals management
- Product emissions standards
- Hazardous materials
- Wastes, fuels, and oils
- Ozone and synthetic greenhouse gases
- Sustainable use of land, water, energy and biological resources

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Environmental Protection and Sustainable Development**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	July 12th, 2022
Publication Date	September 2022

Guest Editor:

Scientific Research
Open Access

Journal of Environmental Protection

ISSN Online: 2152-2219
