The following article has been retracted due to the investigation of complaints received against it.

Title: Studying cosmological time variability of the fine-structure constant from the analysis of quasar spectra

Authors: Le Duc Thong, Nguyen Thi Thu Huong

The substantial portions of the text came from Le Duc Thong's former article, " New Method of Searching for Cosmological Time Variation of the Fine-Structure Constant ", which has also been retraced by Prog. Theor. Phys. because of plagiarism.

The scientific community takes a very strong view on this matter and we treat all unethical behavior such as plagiarism seriously. This paper published in Vol.2 No.6 533-537, 2011, has been removed from this site.
