

Special Issue on Knowledge and Information Systems

Call for Papers

A knowledge management system is most often used in business in applications such as information systems, business administration, computer science, public policy and general management.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Knowledge and Information Systems**. Potential topics include, but are not limited to:

- Knowledge-based systems
- Knowledge management
- Knowledge representation
- Knowledge discovery
- Knowledge extraction
- Classification and clustering
- Key management
- Recommender systems
- Intelligent applications

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Knowledge and Information Systems**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	July 30th, 2020
Publication Date	September 2020

For publishing inquiries, please feel free to contact the Editorial Assistant at submission.entrance1@scirp.org
