## Special Issue on

# Hospital Management and Healthcare Economics

## Call for Papers

Hospital Management is the administration, management or oversight of healthcare systems, public health systems, hospitals, entire hospital networks or other medical facilities. Health economics is a branch of economics concerned with issues related to efficiency, effectiveness, value and behavior in the production and consumption of health and healthcare.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Hospital Management and Healthcare Economics**. Potential topics include, but are not limited to:

- Healthcare systems management
- Healthcare financial management
- Hospital accounting
- Hospital planning
- Cost-effectiveness analysis
- Healthcare facilities management
- Healthcare information management
- Economic evaluation of health technology
- Health policy and planning
- Organizational performance in hospital
- Collaborative healthcare leadership
- Health economic evaluation
- Healthcare markets
- Medical economics
- Supply and demand for healthcare
- Health insurance
- Healthcare management during COVID-19

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

---

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Hospital Management and Healthcare Economics**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	October 12th, 2021
Publication Date	December 2021
