## Special Issue on Project Planning and Management

### Call for Papers

Project planning and management is an academic topic that focuses on the systematic and organized approach to initiating, planning, executing, controlling, and completing projects within the constraints of time, cost, and scope. It involves the application of various project management methodologies, tools, and techniques to ensure successful project delivery. Project planning and management includes a range of activities, such as defining project goals and objectives, identifying project stakeholders, developing project schedules, budgets and resource allocation, managing project risks and changes, and monitoring project progress to ensure deliverables are delivered on time and within budget. Effective project planning and management is critical to any organization, as it can improve the quality of deliverables, increase customer satisfaction, and enhance organizational performance.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Project Planning and Management**. Potential topics include, but are not limited to:

- Project goals
- Effective communications
- Team management and leadership
- Project scheduling and budgeting
- Resource management
- Project design
- Quality management
- Evaluation and implementation
- Corporate management
- Stakeholder management
- Decision-making
- Business administration
- Supply chain management
- Procurement management
- Production management
- Risk management
- Project portfolio

Authors should read over the journal's [For Authors](#) carefully before submission.

---

Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Project Planning and Management**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	September 22nd, 2023
Publication Date	November 2023
