

Special Issue on Social Media and Communications

Call for Papers

Social media is an Internet-based technology that facilitates the communication among people, who share the ideas, thoughts, and information through the virtual networks and communities. The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in the area of Social Media and Communications.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Social Media and Communications**. Potential topics include, but are not limited to:

- Broadcast
- Internet politics
- Media technology
- Mobile social media
- Multimedia
- Networked learning
- Online presence management
- Social media applications
- Social media marketing
- Social media mining
- Social media optimization
- Social networking services
- Traditional media

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Social Media and Communications**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	August 20th, 2024
Publication Date	October 2024
