Call for Papers

Microscopy Research (MR)

ISSN 2329-3306 (Print) ISSN 2329-3314 (Online)

<http://www.scirp.org/journal/mr>

Microscopy Research (MR) is an open access journal. The goal of this journal is to provide a platform for researchers and practitioners all over the world to promote, share, and discuss various new issues and developments in all areas of Microscopy Research.

All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

- Beam-Injection Analysis of Semiconductors
- Cathodoluminescence
- Computer-Assisted Microscopy
- Computerized Medical Imaging and Graphics
- Confocal Microscopy
- Electron Microscopy & Cell Biology
- Histochemistry and Cytochemistry
- Image Analysis
- Medical Electron Microscopy
- Microscopy Instrumentation
- Microscopy Microanalysis Microstructures
- Molecular Imaging
- Novel Microscopy Theories and Methods
- Optical Microscopy
- Optics and Lasers in Engineering
- Scanning Probe Microscopy
- Structural Biology

We are also interested in: 1) Short reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews—Comments and critiques.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
