

Special Issue on Clinical Anesthesiology

Call for Papers

"Clinical Anesthesiology" focuses on the medical specialty concerned with the administration of anesthesia and the management of patients before, during, and after surgery. It encompasses a wide range of practices including general and local anesthetics, pain management, and critical care of patients. The field emphasizes the safety and comfort of patients undergoing surgical procedures, while also exploring innovative techniques and drugs to improve outcomes and reduce risks associated with anesthesia.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Clinical Anesthesiology**. Potential topics include, but are not limited to:

- General anesthesiology
- Regional anesthesiology
- Pain medicine
- Pediatric anesthesiology
- Obstetric anesthesiology
- Cardiothoracic anesthesiology
- Neuroanesthesiology
- Critical care anesthesiology
- Perioperative medicine
- Anesthesia safety and quality improvement
- Ultrasound in anesthesiology

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the "**Special Issue**" under your manuscript title is supposed to be specified and the research field "**Special Issue – Clinical Anesthesiology**" should be chosen during your submission.

According to the following timetable:

Submission Deadline	May 28th, 2024
Publication Date	July 2024
