

## Special Issue on Origins of Aviation and Aeronautical

### Engineering in Portugal

#### Call for Papers

This special issue focus on the History of the Portuguese Aeronautics and Aerospace and addresses issues such as: the appearance of aircraft in Portugal, its military and civilian use; the scope of early days concerning Portuguese intercontinental flights and their authors; the development of air navigation devices by Portuguese inventors in the 1920s and 30s; the Aeronautics industry and the need to develop expertise in Aeronautical/Aerospace Engineering in Portugal. The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in this area of origins of aviation and aeronautical engineering in Portugal .

In this special issue, we invite front-line researchers and authors to submit original research and review articles that explore **Origins of Aviation and Aeronautical Engineering in Portugal**. In this special issue, potential topics include, but are not limited to:

- The appearance of aircraft in Portugal
- Military and civilian use
- Development of aviation and aeronautical engineering in Portugal

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Origins of Aviation and Aeronautical Engineering in Portugal**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	August 18th, 2016
Publication Date	September 2016
