Special Issue on

Business Management and Information Technology

Call for Papers

Organizations are increasingly relying on information technology to carry out key business functions. IT is a key part of every business, from small businesses run by a single person to huge multi-national corporations. Computer technology is used across the business world in every department and has become vital to business operations in the modern world.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on Business Management and Information Technology. Potential topics include, but are not limited to:

- Business information systems
- E-commerce and network economy
- Management information systems
- Enterprise systems and integrated business process
- Business information technology
- Knowledge management and business intelligence
- Accounting information systems
- Business model in the digital economy
- Business database management systems
- Business information security
- Enterprise resource planning
- Human resource management system
- Entrepreneurship, innovation and technology
- Information technology & operations management
- Supply chain management
- Virtual economy
- Digital marketing
- Internet of things

Authors should read over the journal’s For Authors carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal’s Paper Submission System.
Please kindly notice that the “Special Issue” under your manuscript title is supposed to be specified and the research field “Special Issue – Business Management and Information Technology” should be chosen during your submission.

According to the following timetable:

<table>
<thead>
<tr>
<th>Submission Deadline</th>
<th>October 5th, 2022</th>
</tr>
</thead>
<tbody>
<tr>
<td>Publication Date</td>
<td>December 2022</td>
</tr>
</tbody>
</table>
