Open Journal of Cell Biology (OJCB) is an international journal dedicated to the latest advancement of Cell Biology. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in different areas of Cell Biology. All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

- Cell Biophysics
- Cell Physiology
- Cell Structure and Morphology
- Cells Evolution
- Cellular Immunology
- Cytopathology
- Membrane Biology
- Stem Cell Biology

We are also interested in: 1) Short Reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book Reviews—Comments and critiques.
