

TABLE OF CONTENTS

Volume 3, Number 3, September 2013

Characteristic findings of alstrom syndrome with a case report

F. Silan, S. Gur, L. E. Kadioglu, S. A. Yalcintepe, K. Ukinc, A. Uludag, O. Ozdemir.....75

Sonographic evaluation of the post-operative rotator cuff: Does tendon thickness matter?

J. Lasbleiz, T. Benkalfate, J. N. Morelli, J. Jan.....78

Acute non-renal adverse events after unenhanced and enhanced computed tomography and magnetic resonance imaging

M. Azzouz, J. Rømsing, H. S. Thomsen.....85

Theory of pleiotropic action of biologically active compounds and medicines— Basic principles and practical application

N. A. Bizunok.....94

Resident accuracy in locating the common femoral vein in normal weight vs. obese patients

L. Patterson, J. J. Bennett, K. Brewer.....105

Significance of computed tomography scans in head injury

S. S. Tomar, A. Bhargava, N. Reddy.....109

Comparative studies of serum-free media and detection techniques for *in vitro* drug sensitivity assessment of *Plasmodium falciparum*

B. Kwansa-Bentum, S. Izumiyama, K. Kitamura, K. Obata-Ninomiya, N. Ohta, H. Asahi.....115

A monocenter retrospective study of serological, histological and genetic characteristics of celiac disease in Northern Central Italy

S. Lombardi, G. Bertacca, I. Giannelli, E. Bonomi, D. Tornaboni, M. Culli, A. Cavazzana, A. Puccini, P. Franceschini, M. Friggeri.....122

Utility and efficacy of navigation system use in interventional radiology

J. Kaicker, S. Athreya.....128

On-demand sedation with propofol for colonoscopy—A prospective pilot study of the influence on short-term memory, psychomotor function and postural stability

M. R. Madsen.....133

Pseudoband formation: Missed ATFL tears on MR imaging

V. Khan, J. Kaicker, J. Namburi, P. Stefanksi, B. Petrisor, H. Choudur.....137

The diagnostic value of the shoulder rotator cuff muscles' isometric force testing

Y. Berkovitch, M. Haddad, Y. Keren, M. Soudry, N. Rosenberg.....142

The figure on the front cover is from the article published in Open Journal of Clinical Diagnostics, 2013, Vol. 3, No. 3, pp. 78-84 by J. Lasbleiz, T. Benkalfate, J. N. Morelli and J. Jan.
