Volume 6 Number 2

April 2016

### Professionalism in Wildlife Management: The Case of Galliforms Releases in Hellas

C. K. Sokos, P. K. Birtsas, K. G. Papaspyropoulos, C. Sánchez-García.....51

### Carbon Sequestration in Tropical Forest Stands: Its Control by Plant, Soil and Climatic Factors

K. A. J. M. Kurupparachchi, G. Seneviratne, B. D. Madurapperuma.....59

### Above-Ground Biomass, Nutrients and Carbon in *Aegiceras corniculatum* of the Sundarbans

M. Hossain, M. A. Shaikh, C. Saha, S. M. R. Abdullah, S. Saha, M. R. H. Siddique.....72

### Vegetation Regrowth Following Wildfires in the Santa Cruz Mountains of Northern California Monitored Using Landsat Satellite Image Analysis

C. S. Potter.....82

### Forest Fringe Communities Participation in Forest Reserve Sustainability in Ghana

C. Adusei, J. Y. Dunyah.....94

### Evaluation of Appropriate Identification of Deforestation Agents and Drivers for Designing REDD+ Readiness Activities through an Examination of the Area around Gunung Palung National Park, Indonesia

T. Yoshikura, M. Amano, H. Chikaraishi, B. Supriyanto, D. Wardhana.....106

### Mammalian Fauna and Conservational Issues of the Baraiyadhala National Park in Chittagong, Bangladesh

R. Karim, F. Ahsan.....123

### Macropropagation and Production of Clonal Planting Materials of *Panax pseudoginseng* Wall.

S. L. Jamir, C. R. Deb, N. S. Jamir.....135

### Effects of Forest Disturbance on Vegetation Structure and Above-Ground Carbon in Three Isolated Forest Patches of Taita Hills

C. Wekesa, N. Leley, E. Maranga, B. Kirui, G. Muturi, M. Mbuvi, B. Chikamai.....142
