Open Journal of Inorganic Non-metallic Materials (OJINM) is an international journal dedicated to the latest advancement of Inorganic Non-metallic Materials. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in different areas of inorganic non-metallic material.

All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

Ceramics	Low-Dimensional Inorganic Non-Metallic Materials
Composite Materials	Materials Synthesis and Processing
Dental Materials	New Carbon Materials
Diamond and Related Materials	Other Disciplines of Inorganic Non-Metallic Materials
Glass and Amorphous	Porous Materials
Inorganic Chemistry	Semiconductor Materials
Inorganic Materials	Special Features of Inorganic Non-Metallic Materials
Inorganic Polymers and Materials	Strength of Materials

We are also interested in: 1) Short Reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book Reviews—Comments and critiques.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
