

Special Issue on Renal Diseases and Management

Call for Papers

Renal Diseases and Management focuses on the understanding, diagnosis, and treatment of various kidney diseases and disorders. Renal diseases can range from acute conditions, such as kidney infections or injuries, to chronic conditions like chronic kidney disease and renal failure. Proper management of renal diseases involves a multidisciplinary approach, including medication, lifestyle modifications, dialysis, or renal transplantation, with the aim of preserving kidney function and improving quality of life for patients. The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in the area of Renal Diseases and Management.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Renal Diseases and Management**. Potential topics include, but are not limited to:

- Kidney diseases
- Renal failure
- Chronic kidney disease
- Acute kidney injury
- Renal transplantation
- Dialysis
- Glomerular diseases
- Renal function
- Nephritis
- Polycystic kidney disease
- Renal calculi
- Renal hypertension
- Renal artery stenosis
- Renal cell carcinoma
- Renal cysts
- Renal replacement therapy
- Renal tubular disorders
- Urinary tract infection
- Renal clearance
- Immunosuppression therapy
- Renal anemia
- Renal osteodystrophy
- Renal biopsy complications

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Renal Diseases and Management**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	February 27th, 2025
Publication Date	April 2025

Guest Editor:

Dr. Aruna B. Patil

Community Medicine, Integrative Medical Research, ESIC Medical College and Hospital, India
