**Special Issue on**  
**Gynecologic Oncology: Current Perspectives**

**Call for Papers**

**Gynecologic Oncology** focuses on female reproductive system cancers, including ovarian cancer, uterine cancer, vaginal cancer, cervical cancer, and vulvar cancer. In the United States, 82,000 women are diagnosed with gynecologic cancer annually. Gynecologic cancer is the fourth most common type of cancer that affecting approximately 1 in 20 women. To improve the quality of gynecologic cancer care, research has been conducted into **gynecologic oncology** for years.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **gynecologic oncology**. Potential topics include, but are not limited to:

- Prevention of gynecological cancers
- Diagnosis of gynecological cancers
- Treatment of gynecological cancers
- Ovarian cancer
- Endometrial/uterine cancer
- Vaginal cancer
- Vulvar cancer
- Other gynecological cancers

Authors should read over the journal's [Authors' Guidelines](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the "**Special Issue**" under your manuscript title is supposed to be specified and the research field "**Special Issue – Gynecologic Oncology: Current Perspectives**" should be chosen during your submission.

According to the following timetable:

|                     |                     |
|---------------------|---------------------|
| Submission Deadline | November 20th, 2014 |
| Publication Date    | January 2015        |

**Guest Editor:**

Dr. **Samir A. Farghaly**  
Cornell University, USA
