
Special Issue on Gynecological Disorders

Call for Papers

A gynecological disorder is the disorder that affects the female reproductive system, which includes vagina, uterus and ovaries and the breasts. Almost every woman will suffer a gynecological condition at some point in her life. Most will be minor and easily treatable, but others may have devastating consequences.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Gynecological Disorders**. Potential topics include, but are not limited to:

- Cervical erosion
- Endometriosis
- Gynecological surgery
- Menopause
- Vaginal diseases
- Ovarian cancer
- Endometrial cancer
- Urinary tract infection

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Gynecological Disorders**” should be selected during your submission.

Special Issue Timetable:
