

## Special Issue on Abortion and Women's Health

### Call for Papers

**Abortion** is the early ending of a pregnancy. Sometimes abortion happens on its own. This is called miscarriage or spontaneous abortion. But women can also choose to end a pregnancy by getting surgery or taking medicine.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **abortion and women's health**. Potential topics include, but are not limited to:

- Medical abortion
- Surgical abortion
- Labor induction abortion
- Miscarriage
- Abortion and mental health
- Unsafe abortion
- Risks of an abortion
- Maternal and fetal health
- Abortion debate
- Sex-selective abortion
- Abortion law

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal at [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue – Abortion and Women's Health**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	March 26th, 2018
Publication Date	May 2018
