

Special Issue on Ethics Studies

Call for Papers

Ethics is a branch of philosophy concerned with questions of morality, justice, and values. The study of ethics involves exploring concepts such as right and wrong, good and evil, and what actions and behaviors are considered ethical or unethical. It is concerned with developing principles and frameworks for making ethical decisions and evaluating the moral implications of human actions. The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in the area of Ethics Studies.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Ethics Studies**. Potential topics include, but are not limited to:

- Accountability
