## Special Issue on Dentistry and Oral Health

### Call for Papers

Dentistry is a branch of medicine that consists of the study, diagnosis, prevention, and treatment of diseases, disorders, and conditions of the oral cavity, commonly in the dentition but also the oral mucosa, and of adjacent and related structures and tissues, particularly in the maxillofacial (jaw and facial) area.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Dentistry and Oral Health**. Potential topics include, but are not limited to:

- Periodontal disease and health
- Endodontics
- Orthodontics
- Prosthodontics
- Implant dentistry
- Dentistry surgery
- Dentine disorders
- Dental treatment and clinical evaluation
- Dental public health
- Pediatric dentistry
- Oral and maxillofacial surgery
- Use of dental materials
- Dental care
- Oral health and quality of life

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Dentistry and Oral Health**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	September 23rd, 2020
Publication Date	November 2020
