

Special Issue on Oral and Maxillofacial Surgery

Call for Papers

Oral and Maxillofacial Surgery is the branch of dentistry that uses surgical methods to correct diseases, injuries and defects in the head, neck, face, jaws and the hard and soft tissues of the oral and maxillofacial area.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Oral and Maxillofacial Surgery**. Potential topics include, but are not limited to:

- Craniofacial surgery
- Orthognathic surgery
- Dentofacial orthopedics
- Orofacial pain
- Dental implant surgery
- Bone grafting
- Oral & maxillofacial trauma
- Salivary gland disorders
- Temporomandibular joint disorder
- Cleft and craniofacial disorders
- Treatment of cysts and tumors
- Cleft lip and palate management
- Facial cosmetic surgery
- Reconstructive surgery

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Oral and Maxillofacial Surgery**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	July 23rd, 2021
Publication Date	September 2021
