Special Issue on Social & Personality Psychology

Call for Papers

Personality is defined as the characteristic set of behaviors, cognitions, and emotional patterns that evolve from biological and environmental factors. Most theories focus on motivation and psychological interactions with one's environment. The study of the psychology of personality attempts to explain the tendencies that underlie differences in behavior. Social and personality psychology is an academic research field that examines how people's behavior, attitudes, and beliefs are influenced by their social environment and their unique personality traits. It explores how social, cultural, and environmental factors shape human behavior and how individuals interpret, interact, and communicate within their social context.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on Social & Personality Psychology. Potential topics include, but are not limited to:

- Personality theory and assessment
- Five-factor model
- Psychoanalytic and psychodynamic theories of personality
- Social and personality development
- Social cognitive theory
- Temperament and personality traits
- Personality disorders and mental health
- Personality, attitudes, and behaviors
- Personality and cognition
- Personality and emotion
- Personality and motivation
- Identity and self-concept
- Judgment and decision making
- Personality & individual differences
- Interpersonal relationships
- Cross-cultural perspectives on personality
- Positive psychology and personality strengths
- Family environment and personality
- Personality and social identity

Authors should read over the journal’s For Authors carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal’s Paper Submission System.
Please kindly notice that the “Special Issue” under your manuscript title is supposed to be specified and the research field “Special Issue – Social & Personality Psychology” should be chosen during your submission.

According to the following timetable:

<table>
<thead>
