

Special Issue on Cardiovascular Diseases and Risk Factors

Call for Papers

Risk factors for cardiovascular disease are particular habits, behaviors, circumstances or conditions that increase a person's risk of developing cardiovascular disease, including lack of exercise, unhealthy eating, smoking, diabetes, age and family history.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Cardiovascular Diseases and Risk Factors**. Potential topics include, but are not limited to:

- Cardiovascular risk assessment
- Epidemiologic methods
- Surveillance, diagnosis and treatment
- Prevalence and prevention
- Screening
- Genetics
- Coronary artery disease
- Risk factors for atherosclerosis
- Biomarkers for cardiovascular risk
- Lifestyle risk factors
- Non-modifiable risk factors
- Social determinants of cardiovascular diseases
- Cardiovascular disease in women
- Obesity and diabetes
- Hypertension
- Hypercholesterolemia

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Cardiovascular Diseases and Risk Factors**” should be chosen during your submission.

According to the following timetable:

Scientific Research
Open Access

World Journal of Cardiovascular Diseases

ISSN Online: 2164-5337

Submission Deadline	May 26th, 2023
Publication Date	July 2023
